

ADMIRAL ALYNNA NECHAYEV

Human

Female

Starfleet

Biography

Admiral Nechayev is an ambitious Starfleet flag officer who has often had to step in to curb the actions of starship captains in the field. While many ambassadors weigh the opinions of Starfleet's captains and give them some leeway due to their familiarity with unfolding situations, Alynna Nechayev is not one of those admirals. She is involved in high-level decisions at Starfleet Command and the last thing she wants is some outside influence messing up all of those carefully laid plans.
