## Talents

**Untapped Potential:** Whenever you succeed at a Task for which you bought one or more additional dice with either Momentum or Threat, you may roll 1▲. You receive bonus Momentum equal to the roll of the ▲, and add one point of Threat if an Effect is rolled.

**A Little More Power:** Whenever you succeed at an Engineering Task aboard your own ship, you may spend 1 Momentum to regain 1 spent Power.

**Jury-Rig:** When you attempt an Engineering Task to perform repairs, you may reduce the Difficulty by 2, to a minimum of 0. However, the repairs are only temporary and last a single scene, plus 1 additional scene per Momentum spent (Repeatable) before they fail again. Jury-rigged repairs can only be applied once, and the Difficulty to repair a device that had been Jury-rigged increases by 1.

**Technical Expertise:** Whenever you attempt a Task assisted by the ship’s Computers or Sensors, you may re-roll one d20 (which may be the ship’s die).
