

SULIBAN CELL SHIP *T'POL*

This is the Suliban cell ship aboard the *Enterprise NX-01*, captured in 2151. It was christened the *T'Pol*. One version was aboard the *Enterprise NX-01* that had been thrown back in time for more than a hundred years in the Delphic Expanse. The cell ship is warp capable and uses a cascading ion drive. It is armed with particle weapons and a cloaking device, courtesy of future knowledge imparted to the Suliban Cabal during the Temporal Cold War.

SERVICE DATE: Unknown (one version had time-travelled aboard the *Enterprise NX-01* in 2153 to 2037, then remained in service 117 years to return to 2153)

TRAITS: Captured Suliban Cell Ship, Small Craft, Temporal Anomaly (if aboard the generational version of the *Enterprise*)
