Overview: The primary destroyers of the Gorn Hegemony, *Vishap* frigates operate in attack wings of two or three. They are commonly employed as escorts for larger craft, patrol vessels guarding the borders of Gorn territory, and couriers transporting high value personnel or intelligence.

Capabilities: While comparably in armaments to a Startleet escort or Orion frigate, the *Vishap* possesses slightly less firepower than a Klingon *bird-of-prey*. However, they are far more durable, with a hull featuring the standard Gorn Duranium plating.
