

# STAR TREK CAMPAIGNS BEYOND

“Distant Worlds”

## DISTANT WORLDS

*Suggested Era: The Original Series*

**Distant Worlds** encompasses a region of unexplored space in the Beta Quadrant in the 2200s. Some adventures are found in the *Shackleton Expanse Campaign Guide* for this region. Note that Klingon Space did not extend as far as the map shows; hexes 2115, 2116 and 2216 are not yet part of Klingon territory. The **2200s Tilikaal Saga** and **Mission Briefs** are listed but not tied to particular locations; see the *Campaign Guide* for notes on play order. The homebase for exploration into this region is **Federation Outpost MZ5**. Additional homebrewed *TOS*-era missions are provided to extend the material in the *Shackleton Expanse Campaign Guide* may be set where desired in this region.

**Source of missions:** The 2200s Tilikaal Saga adventures can be found in the *Shackleton Expanse Campaign Guide*, as well as other missions from that time period. Thirteen additional missions set in the *TOS* era can be found on Continuing Mission as either Mission Briefs, Adventures, or are off-site Missions with links available via the **CM Adventures Index**.
